HEALING MISSIONS
International Churches

Go ye therefore (Mark 16 vs 15)

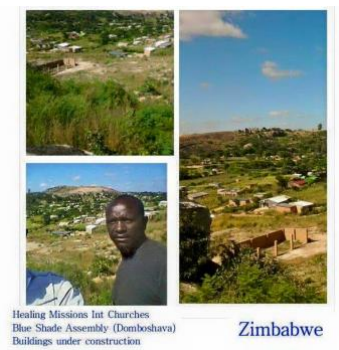

HEALING MISSIONS INTERNATIONAL CHURCHES

BOOK AND BIBLE DISTRIBUTION

Healing missons International churches was established in 2018 by Bishop Nolan and Tendai Rupiya and the church is based in Domboshava , a village located in harare which is 35 kilometres from the central business district of of Zimbabwe.

To date, The church had managed to buy two church stands , one in Nyava village and the other one in Domboshava. 200 seater churches are being established on both stands. With Covid 19, things had not been well in Zimbabwe and the building project was going slow but currently projects are back on feet.

Newly Established healing Centre in Domboshava Easter Prayer Meeting 19-04-19

First church building structure

The church started with seven people and today in both assemblies, the numbers are shooting to more than 100 people and we are expecting new souls to come by the grace of God.

The church managed to ordain its first three Pastors.

First church PA system

2022 Easter conference

2022 thanks giving day

The HMIC Calender is as follows :

HEALING MISSIONS INTERNATIONAL CHURCHES

2023 THEME – The year of growth (1st Chronicles 4vs10)

NUMBERS }

Most of the members in healing missions are women and the numbers are as follows :

Women – 70
Man - 20
Youths - 60

Apart from church programs the Bishop has established a program for ophans and vulnerable children whereby they

are getting assistance in form of school fees, uniforms, food, clothing and other necessities of lives.

Children receiving their food hampers on 2022 children's day in December.

Children receiving blankets

Children receiving toys.

Apart from children recieving goodies from the Bishop, 35 widows and vulnerable women also are getting food and clothes

Food and clothes distribution are being done from time to time. A lot of families are getting assistance from the Bishop. During this season of economic hardships in Zimbabwe, God's grace is upon the works of Healing Missions International churches.

FUTURE PLAN'S.

The church is planning to get 5 hecters of land this year and the land is costing 7000 united states dollars. Since the already bought stands cannot cater for all that needs to be done.

The church needs to establish a conference centre that will involve a 2000 seater church, a library, a bible college, and a home for ophans and vulnerable children. The place is already there but the church is underfunded.

These are some of the activities that Healing Missions International churches is doing in Zimbabwe. More will be done by God's grace and support from church friends.

Thank you.
